PROJECTS

Street Estate

Real Estate Company Landing Page

2023 - Live [Live Demo](#)

- Developed using HTML, CSS, and JavaScript.
- Seamlessly usable on various devices, including desktop and mobile.
- Helped me improve my JS skills.

Tesla Clone

A clone of the original tesla website

2023 - Live [Live Demo](#)

- Developed using HTML, CSS, and JavaScript.
- An impressive recreation of the official Tesla website.
- Offers a similar user experience and design aesthetics.

Simple BMI Calculator

A tool that tells you your BMI and if your Obese, Normal or Underweight.

2023 - Live [Live Demo](#)

- Developed using HTML, CSS, and JavaScript.
- A responsive tool that calculates Body Mass Index for users.
